

CORSAIR Expands Popular Modular PC Case Line With Wraparound Panoramic Glass FRAME 4500X

September 23, 2025

MILPITAS, Calif.--(BUSINESS WIRE)--Sep. 23, 2025-- CORSAIR today announced availability of its new FRAME 4500X, a showstopper case for high-end PC builds, boasting an enhanced chassis design with panoramic glass, curved panels, and modularity. This reflects Corsair's ongoing innovation in the premium PC segment, and a deliberate strategy to deepen its ecosystem and raise attach-rates.

Thi La, Chief Executive Officer of Corsair, said, "With its single-piece panoramic wraparound glass, the FRAME 4500X transforms every PC build into a work of artistry while honoring Corsair's DIY heritage of making systems easy to build, upgrade, and enjoy. This launch highlights our dedication to innovation and reinforcing Corsair's leadership in the PC building space."

newest reverse-connector motherboards from ASUS, Gigabyte, and MSI, and offers advanced airflow and cable-management features, with the top and side of the case ventilated for maximum airflow and feature a unique "waterfall" pattern.

While the top and bottom of the case are a customizable blank canvas, the side of the FRAME 4500X includes either 3x RS120-R PWM ARGB or 3x iCUE LINK LX120-R RGB reverse-rotor intake fans. These premium fans bring cool air into the chassis for effective, low-noise cooling while offering unobstructed RGB lighting due to their reverse-rotor design. The RS120-R fans can be daisy-chained together and provide easy motherboard fan and lighting, while the LX120-R version features fans that utilize CORSAIR iCUE LINK technology for effortless single-cable lighting and fan speed control. The FRAME 4500X supports up to 10x 120mm fans or 5x 140mm fans, so customers can mount additional fans to the top, rear, and bottom for continuous airflow throughout the chassis. The power supply shroud features dual 120mm fan mounts for direct GPU cooling.

With 460mm of GPU clearance, even the most powerful graphics cards will have plenty of room for an easy installation and room to breathe. The FRAME 4500X includes a built-in adjustable GPU Anti-sag Stabilization Arm as well, so customers can be confident their GPU and PCIe bracket will be safe even with the largest GPUs.

Building a PC with the FRAME 4500X is easy thanks to its spacious layout, removable glass panel, and bundled extras such as QuikTurn screws to make fan installation easier, and a reusable screw box. Additional memory is easily accommodated through a combination drive plate that can hold 1x 3.5" HDD and 2x 2.5" SSDs. The front panel I/O offers modern connections including 2x USB 3.2 Gen 1 ports, 1x USB 3.2 Gen 2 Type-C port, a combo headphone/mic jack, and a power button.

Thi La, Chief Executive Officer of Corsair, said, "With its single-piece panoramic wraparound glass, the FRAME 4500X transforms every PC build into a work of artistry while honoring Corsair's DIY heritage of making systems easy to build, upgrade, and enjoy. This launch highlights our dedication to innovation and reinforcing Corsair's leadership in the PC building space."

About CORSAIR

Corsair (Nasdaq: CRSR) is a leading global developer and manufacturer of high-performance products and technology for gamers, content creators, and PC enthusiasts. From award-winning PC components and peripherals to premium streaming equipment and smart ambient lighting, Corsair delivers a full ecosystem of products that work together to enable everyone, from casual gamers to committed professionals, to perform at their very best. Corsair also sells products under its Fanatec brand, the leading end-to-end premium Sim Racing product line; Elgato brand, which provides premium studio equipment and accessories for content creators; SCUF Gaming brand, which builds custom-designed controllers for competitive gamers; Drop, the leading community-driven mechanical keyboard brand; and ORIGIN PC brand, a builder of custom gaming and workstation desktop PCs.

Forward-Looking Statements

This press release contains express and implied forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding the Company's growth plan, innovation and products. Forward-looking statements are based on our management's beliefs, as well as assumptions made by, and information currently available to them. Because such statements are based on expectations as to future financial and operating results and are not statements of fact, actual results may differ materially from those projected. Factors which may cause actual results to differ materially from current expectations include, but are not limited to: the Company's limited operating history, which makes it difficult to forecast the Company's future results of operations; current macroeconomic conditions, including the impacts of high inflation and risk of recession, on demand for our products, consumer confidence and financial markets generally; changes in trade regulations, policies, and agreements and the imposition of tariffs that affect our products or operations, including potential new tariffs that may be imposed on U.S. imports and our ability to mitigate; the Company's ability to build and maintain the strength of the Company's brand among gaming and streaming enthusiasts and ability to continuously develop and successfully market new products and improvements to existing products; the introduction and success of new third-party high-performance computer hardware, particularly graphics processing units and central processing units as well as sophisticated new video games; fluctuations in operating results; the loss or inability to attract and retain key management; the impacts from geopolitical events and unrest; delays or disruptions at the Company or third-parties' manufacturing and distribution facilities; and the other factors described under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024 filed with the Securities and Exchange Commission ("SEC") and our subsequent filings with the SEC. All forward-looking statements reflect our beliefs and assumptions only as of the date of this press release. We undertake no obligation to update forward-looking statements to reflect future events or circumstances.
