"We are excited to launch the SCUF Valor Pro Wireless controller given the continued growth in demand from PC gamers seeking an added performance edge," said Thi La, Chief Executive Officer of CORSAIR. "With SCUF's patented technology for game controllers, we continue to push the limits in speed, accuracy, customization, and design to deliver the ultimate gaming experience."

With four Customizable Paddles, an ultra-fast 1000 Hz Polling Rate (PC only), Adjustable Instant Triggers, Companion App, and more game-changing features including precise Endurance TMR Thumbsticks, the SCUF Valor Pro Wireless is the ultimate speed and performance enhancer for Xbox and PC gamers.

"We are excited to launch the SCUF Valor Pro Wireless controller given the continued growth in demand from PC gamers seeking an added performance edge," said Thi La, Chief Executive Officer of CORSAIR. "With SCUF's patented technology for game controllers, we continue to push the limits in speed, accuracy, customization, and design to deliver the ultimate gaming experience."

The SCUF Valor Pro Wireless will be available in steel gray, black, white and smoke colors with additional designs with SCUF's partners and full customization.

Key features include:

- **Endurance TMR Thumbsticks:** Designed to resist wear and tear while still providing precise and smooth control game after game.
- **Customizable Back Paddles:** Four integrated paddles ergonomically placed so gamers can keep their thumbs on the sticks. Full hardware remapping across three profiles. Inner paddles are removable/blankable and all paddles can be turned off by remapping.
- **Tri-Mode Connectivity:** PC mode features a lightning fast 1000 Hz polling rate when wired. Xbox works both wired and wireless at Xbox's specs, while Bluetooth functions with other compatible devices.
- **SCUF Ergonomic Legacy:** Shape adjusted to place paddles naturally where fingers slot. Contoured bumpers make transitioning between triggers and bumpers quicker and more efficient.
- **Dedicated Audio Controls:** Individual audio scroll wheels control headset volume and Game vs. Chat mix plus headset and mic mute.
- **Rechargeable Battery:** Fast charging built in battery with up to 17 hours of life.
- **Pricing and Availability:** Compatible with Windows 10 and 11 PCs, Xbox Series X|S, and Xbox One, SCUF Valor Pro Wireless starts at \$189.99 and is available today at select retailers, and from SCUF Gaming's website: scufgaming.com

About SCUF Gaming

SCUF Gaming®, innovator and creator of high-performance gaming controllers, provides superior accessories and customized gaming controllers for console and PC that are used by top professional gamers as well as casual gamers. Built to specification, SCUF controllers offer a number of functional and design features custom built to increase hand use and improve gameplay. SCUF controller features are covered by 139 granted patents and designs, and another 31 pending patent applications, focusing on four key areas of a controller: the back control functions and handles, the trigger control mechanisms, the thumbstick control area, and the side-mounted configurable Sax™ button placements. In December 2019, SCUF Gaming was acquired by CORSAIR®, and remains a separate brand within CORSAIR.

Forward-Looking Statements

This press release contains express and implied forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding the Company's growth plan, innovation and products. Forward-looking statements are based on our management's beliefs, as well as assumptions made by, and information currently available to them. Because such statements are based on expectations as to future financial and operating results and are not statements of fact, actual results may differ materially from those projected. Factors which may cause actual results to differ materially from current expectations include, but are not limited to: the Company's limited operating history, which makes it difficult to forecast the Company's future results of operations; current macroeconomic conditions, including the impacts of high inflation and risk of recession, on demand for our products, consumer confidence and financial markets generally; changes in trade regulations, policies, and agreements and the imposition of tariffs that affect our products or operations, including potential new tariffs that may be imposed on U.S. imports and our ability to mitigate; the Company's ability to build and maintain the strength of the Company's brand among gaming and streaming enthusiasts and ability to continuously develop and successfully market new products and improvements to existing products; the introduction and success of new third-party high-performance computer hardware, particularly graphics processing units and central processing units as well as sophisticated new video games; fluctuations in operating results; the loss or inability to attract and retain key management; the impacts from geopolitical events and unrest; delays or disruptions at the Company or third-parties' manufacturing and distribution facilities; and the other factors described under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024 filed with the Securities and Exchange Commission ("SEC") and our subsequent filings with the SEC. All forward-looking statements reflect our beliefs and assumptions only as of the date of this press release. We undertake no obligation to update forward-looking statements to reflect future events or circumstances.
