Packing a wide array of state-of-the-art tech into an impressively thin 19.8mm form-factor, the CORSAIR VOYAGER a1600 boasts up to an 8-core, 16-thread AMD Ryzen 9 6900HS processor and AMD Radeon RX 6800M mobile graphics to game at maximum settings and cruise through resource-heavy applications like Adobe After Effects or OBS Studio. Moreover, this combination of cutting-edge AMD components unlocks the suite of exclusive AMD smart technologies, such as AMD Smart Access Memory™, which helps unlock high performance by providing select AMD Ryzen processors with address to the entire high-speed GDDR6 graphics memory, further enhancing the CORSAIR VOYAGER a1600's high-end performance.

The CORSAIR VOYAGER a1600 is built with a gorgeous 16" 2560x1600 QHD+ IPS screen with superb color accuracy, displaying your gameplay in amazing detail. With an ultra-high 240Hz refresh rate and support for AMD FreeSync Premium technology, and powered by RX 6800M mobile graphics, gamers can experience today's most graphically intense games at impressively high frame rates for silky-smooth gameplay. Incorporating technology from the content creation experts at Elgato, the CORSAIR VOYAGER a1600 breaks new ground as a laptop built specifically with streamers in mind. Above the keyboard are ten easy-access customizable S-key shortcut buttons powered by Elgato Stream Deck software, putting one-touch streaming control at your fingertips. A 1080p30 FHD webcam immortalizes your biggest moments in sharp detail, while a directional 4-microphone array with ambient noise cancellation clearly captures your voice even in busy environments.

The CORSAIR VOYAGER a1600 is complemented by a host of features tailored for today's gamers and content creators. CHERRY MX Ultra-Low Profile keyswitches deliver mechanical precision, illuminated by per-key RGB backlighting from ultra-bright, power-efficient CAPELLIX LEDs powered by CORSAIR iCUE software. A variety of ports, including two Thunderbolt™ 3-enabled USB 4.0 and one USB 3.2 Gen2 Type-C, keep you connected to all your devices. An integrated receiver connects to up to three CORSAIR SLIPSTREAM WIRELESS peripherals for a strong, robust signal without tying up any USB ports.

"We knew we had to bring something new and different to the table," said Matthew Hsu, SVP & GM, System BU at CORSAIR. "With our unique position in the industry, we were able to pull from the best of what CORSAIR has to offer – from award-winning components to extensive software integration – to create a laptop that no one else can."

"We are extremely excited to partner with CORSAIR to launch the first Voyager laptop exclusively with AMD Advantage design framework," said Frank Azor, chief architect of Gaming Solutions at AMD. "The CORSAIR VOYAGER a1600 is the first truly mobile streaming solution; coupled with AMD smart technologies like SmartShift MAX, users can automatically unleash the full potential of this laptop whether gaming, streaming, or creating."

For those who want to further customize the specs or the look of their CORSAIR VOYAGER laptop, ORIGIN PC will also offer custom UV printing or

laser etching options. All ORIGIN PC systems include free lifetime 24/7 US based technical support and free lifetime labor. For more information, please visit <https://www.originpc.com>
