The CORSAIR VOYAGER a1600 comes equipped with AMD's most advanced components to deliver high-end performance in an incredibly thin 19.8mm form-factor. An 8-core, 16-thread AMD Ryzen™ 9 6900HS processor and AMD Radeon™ RX 6800M mobile graphics enable players to game at maximum

settings while capturing gameplay at high frame rates, bolstered by AMD smart technologies such as AMD Smart Access Memory™ to get even more performance out of your top-of-the-line components. CORSAIR VENGEANCE DDR5 SODIMM memory rounds out the CORSAIR VOYAGER a1600's powerful hardware, delivering the incredibly high frequencies of the DDR5 platform.

The CORSAIR VOYAGER a1600 displays amazingly detailed gameplay with stunning color accuracy on a 16" 2560x1600 QHD+ IPS screen with an ultra-high 240Hz refresh rate. With support for AMD FreeSync Premium technology, gamers can experience jaw-dropping gameplay the way it was meant to be seen – at impressively high frame rates without screen tearing.

Incorporating exclusive content-creation technology from Elgato, the CORSAIR VOYAGER a1600 is a streamer's dream come true. Ten easy-access S-key shortcut buttons put one-touch streaming control at your fingertips, powered by Elgato Stream Deck software. The laptop's 1080p30 FHD webcam captures your face in sharp detail, while a directional 4-microphone array with ambient noise cancellation clearly registers your voice even when it's competing with background noise.

The CORSAIR VOYAGER a1600 laptop is available in the North American, UK, German, French, and Nordic keyboard layouts at launch.

For those who want to further customize the specs or the look of their CORSAIR VOYAGER laptop, ORIGIN PC will also offer custom UV printing or laser etching options. All ORIGIN PC systems include free lifetime 24/7 US based technical support and free lifetime labor. For more information, please visit <https://www.originpc.com>
