

Lightweight Design, Heavyweight Performance - Introducing the KATAR PRO WIRELESS Gaming Mouse from CORSAIR

FREMONT, CA, October 6th, 2020 – CORSAIR®, a world leader in high-performance gaming peripherals and enthusiast components, today announced the launch of the KATAR PRO WIRELESS Gaming Mouse powered by SLIPSTREAM WIRELESS technology. At just 96g, it is well-suited to fast-paced FPS and MOBA gameplay. With a compact symmetric shape ideal for claw and fingertip grip styles at a great value, the KATAR PRO WIRELESS will make an excellent fit for any PC gamer.

The KATAR PRO WIRELESS maintains gaming-grade wireless performance with sub-1ms latency thanks to SLIPSTREAM WIRELESS, for a faster-than-wired connection that registers every move, click, and scroll when it matters most. Powered by a single AA battery for up to 135 hours of battery life, the KATAR PRO WIRELESS is equipped with a 10,000 DPI optical sensor and three DPI presets that can be switched on-the-fly. Its six buttons are fully programmable

through CORSAIR iCUE software, letting you combine multiple commands into single one-click macros for clutch plays, remap any button or key to a more convenient location, and much more.

As the new lightest wireless mouse in the CORSAIR lineup, with an eminently affordable price point, the KATAR PRO WIRELESS offers lightweight design and heavyweight performance.

About CORSAIR

Founded in 1994, CORSAIR has grown from pioneering the high-performance DRAM market into one of the world's leading providers of high-performance gaming and streaming products. CORSAIR offers a complete range of products to equip gamers, enthusiasts, and esports athletes, including mechanical keyboards, precision gaming mice, wireless headsets, premium PC components, and the CORSAIR ONE fully-integrated gaming PC. With a company-wide commitment to quality, innovative design, advanced features and high-performance, CORSAIR products have won thousands of media and industry awards, earning their place in gamers' hands and PCs following years of development and engineering by a team dedicated to building great products that they themselves would want to use.

In 2018 CORSAIR acquired Elgato, a manufacturer of streaming products. In 2019 CORSAIR acquired Origin Computers, a manufacturer of custom high-performance gaming PCs and laptops, and SCUF Gaming, an innovator and creator of high-performance gaming controllers.
