DISCLAIMER

Forward Looking Statements

This presentation contains express and implied forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including, but not limited to, statements regarding the Company's financial outlook for the full year 2025; market headwinds and tailwinds, including its expectations regarding the gaming market's continued growth; new product launches, the entry into new product categories and demand for new products; the Company's ability to successfully close and integrate acquisitions and expectations regarding the growth of these acquisitions as well as their estimated impact on the Company's financial results in future periods and the size of markets and segments in the future. Forward-looking statements are based on our management's beliefs, as well as assumptions made by, and information currently available to them. Because such statements are based on expectations as to future financial and operating results and are not statements of fact, actual results may differ materially from those projected. Factors which may cause actual results to differ materially from current expectations include, but are not limited to: the Company's limited operating history, which makes it difficult to forecast the Company's future results of operations; current macroeconomic conditions, including the impacts of high inflation and risk of recession, on demand for our products, consumer confidence and financial markets generally; changes in trade regulations, policies, and agreements and the imposition of tariffs that affect our products or operations, including potential new tariffs that may be imposed on U.S. imports and our ability to mitigate; the Company's ability to build and maintain the strength of the Company's brand among gaming and streaming enthusiasts and ability to continuously develop and successfully market new products and improvements to existing products; the introduction and success of new third-party high-performance computer hardware, particularly graphics processing units and central processing units as well as sophisticated new video games; fluctuations in operating results; the loss or inability to attract and retain key management; the impacts from geopolitical events and unrest; delays or disruptions at the Company or third-parties' manufacturing and distribution facilities; and the other factors described under the heading "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2024 filed with the Securities and Exchange Commission ("SEC") and our subsequent filings with the SEC. All forward-looking statements reflect our beliefs and assumptions only as of the date of this press release. We undertake no obligation to update forward-looking statements to reflect future events or circumstances. Our results for the quarter ended March 31, 2025 are also not necessarily indicative of our operating results for any future periods.

Non-GAAP Financial Measures

Included in this presentation are certain non-GAAP financial measures, including Adjusted Operating Income (Loss), Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income (Loss) and Adjusted Net Earnings (Loss) Per Share, which are not recognized under the generally accepted accounting principles ("GAAP") in the United States and designed to complement the financial information presented in accordance with GAAP in the United States because management believes such measures are useful to investors. The non-GAAP measures have limitations as analytical tools and you should not consider them in isolation of, or as an alternative to, measures prepared in accordance with U.S. GAAP. The non-GAAP measures used by the Company may differ from the non-GAAP measures used by other companies. The Company urges you to review the reconciliation of its non-GAAP financial measures to the most directly comparable U.S. GAAP financial measures set forth in the Appendix to this presentation, and not to rely on any single financial measure to evaluate the Company's business.

Market & Industry Data

This presentation also contains estimates and other statistical data made by independent parties and by the Company relating to the Company's industry, the Company's business and the market for the Company's products and its future growth. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. In addition, projections, assumptions, and estimates of the Company's future performance and the future performance of the market for its products are necessarily subject to a high degree of uncertainty and risk.
